CINUP NOW OFFERS BEST DOCTORS® AND TELADOC® TELEMEDICINE SERVICES

We are excited to announce CINUP's partnership with Teladoc™ Health. **Effective immediately**, Best Doctors and Teladoc telemedicine services **will be included for all employees who hold CINUP Extended Health Care coverage.**

BEST DOCTORS

Healthcare choices can be the most important decisions your employees ever make, especially if they are seriously ill or injured. The maze of medical information in healthcare can be overwhelming and stressful. But Best Doctors services, with access to over 50,000 world-renowned experts, gives employees answers and peace of mind.

Best Doctors can provide an Expert Medical Opinion on an existing diagnosis and treatment plan to ensure employees get on the path to wellness faster. They can help find experts, locally or outside Canada, as necessary. The service also includes Best Doctors 360°, an information resource to help employees navigate the healthcare system with websites, articles and contacts for groups that can assist in meeting their medical needs.

Whether they're looking for a second opinion on a diagnosis, evaluation of a treatment plan, locations of the most experienced medical centre for their condition, or tracking down the top specialists, Best Doctors can help your employees make informed medical decisions with confidence.

TELADOC

Teladoc is the global leader in virtual care, providing convenient access to high-quality healthcare for millions of people in more than 130 countries. With Teladoc, you can talk with a doctor within an hour by phone¹ or video conference from wherever you are, in Canada or the US, for non-emergency conditions like the flu, allergies, infections, and much more. Doctors can also prescribe medicine, if needed.

Even in remote areas, Teladoc is available 24 hours a day, 365 days a year. Up in the middle of the night with a sick child? Living or vacationing in a rural location, making it difficult to obtain medical care? Just can't get in to see a doctor? Simply download the Teladoc app from Apple or Google Play, complete the quick registration, and request a consultation.

 **TELADOC®** Talk to a doctor within an hour!
